

## The profile of Naramachi Nigiwai-no-le

Constructed in 1917, at Naramachi /  
Tradesmen's house

It was born in Nara and passed for 100 years

I am very glad that I can see everybody in  
this way today, while tradesmen's house is  
decreased.

I want to connect it to the future, the old  
days when people valued handwork and felt  
four seasons.

Naramachi is gathering place for old things,  
new things and people.

Please have a wonderful time with me at  
here.

I want to spend next 100 years with you.
